## Nighttime Interstate 15 Closures **POSTPONED** for Ranchero Road Interchange Project

**Hesperia, CA** – Southbound Interstate 15 closures scheduled for February 19 and 20 have been postponed until further notice. The San Bernardino Associated Governments, Caltrans and the contractor are working on a revised schedule for the work that will begin construction of the bridge spanning over Interstate 15. The construction team thanks the public for their patience during this stage of construction. Public advisories will go out immediately once a new scheduled is identified by the team.

The approximate \$59 million Ranchero Road Interchange Project started in January of this year and is scheduled to continue through early 2015. The new interchange will connect Mariposa Road and Caliente Road to Interstate 15 with a full-service interchange. Ranchero Road will consist of three through lanes in each direction along with additional turn lanes at the freeway ramp connections and intersections with two realigned frontage roads. The project will also include utility relocations, flood control improvements, traffic signal and ramp metering, grading, drainage modifications, signing and striping, traffic handling, and replacement planting.
